Construction on Woodland Hills Drive is Underway

ATASCOCITA, Texas – Commissioner Jack Morman has started phase one of construction on the Woodland Hills Drive project. The \$1.1 million improvement includes the addition of a two-lane concrete section to the existing roadway resulting in a complete four-lane boulevard from Beltway 8 to near Ridge Creek Elementary. “This portion of the two-phased project is expected to be complete in the second quarter of 2017,” said Commissioner Morman.

Phase two of the project includes the construction of a new four-lane concrete boulevard from Ridge Creek Elementary heading north to the Atascocita Forest subdivision, as well as the construction of a four-lane bridge over Williams Gully. Currently estimated at \$9.5 million, the joint effort between Harris County Precincts 2 and 4 is expected to be complete and open to the Beltway in the fourth quarter of 2017.

Woodland Hills Drive is one of the many projects Precinct 2 is working on to improve mobility throughout the Atascocita area. For more details on improvements within this area, visit their website at www.hcp2.com or follow their Facebook page “Harris County Precinct 2.”

The Woodland Hills Drive expansion project is expected to be complete by the end of next year.
